

The handwriting practice area is divided into three horizontal bands: a blue sky band at the top, a green grass band in the middle, and a brown soil band at the bottom. Each band contains a white cloud in the top-left corner, a sun behind a white cloud in the top-right corner, a mole character on the left side of the grass band, and a green grass tuft on the right side of the grass band. Three pink worms are visible in the soil band of each row. The letter 'C' is the focus of the practice, appearing in two solid black versions and two dashed grey versions in each row. Yellow stars and dashed arrows indicate the counter-clockwise stroke direction for each letter.

The image displays three rows of handwriting practice on a three-band background (blue sky, green grass, brown earth). Each row contains a mole, worms, and a sun. The first row shows two 'C' shapes: a solid black one with a yellow star and arrow, and a dashed grey one for tracing. The second row shows two 'X' shapes: a solid black one with yellow stars and arrows, and a dashed grey one for tracing. The third row shows two 'S' shapes: a solid black one with yellow stars and arrows, and a dashed grey one for tracing.

This row features a large 'W' pattern. On the left, a solid black 'W' is shown with yellow arrows indicating the stroke order: starting from a yellow star at the top left, going down to the left, up to the right, down to the left, up to the right, and finally down to the right. On the right, a dashed grey 'W' is provided for tracing, also starting from a yellow star at the top left. The background is a three-band landscape: blue sky with a cloud and sun, green grass with a mole and worms, and brown soil with a mole and worms.

This row features a zigzag pattern. On the left, a solid black zigzag line is shown with yellow arrows indicating the stroke order: starting from a yellow star, going down to the left, up to the right, down to the left, up to the right, and so on. On the right, a dashed grey zigzag line is provided for tracing, also starting from a yellow star. The background is a three-band landscape: blue sky with a cloud and sun, green grass with a mole and worms, and brown soil with a mole and worms.

This row features a spiral pattern. On the left, a solid black spiral is shown with yellow arrows indicating the stroke order: starting from a yellow star in the center and moving outwards in a clockwise direction. On the right, a dashed grey spiral is provided for tracing, also starting from a yellow star in the center. The background is a three-band landscape: blue sky with a cloud and sun, green grass with a mole and worms, and brown soil with a mole and worms.

The image displays three horizontal writing practice bands. Each band is divided into three horizontal sections: a light blue sky section at the top, a green grass section in the middle, and a brown soil section at the bottom. The top band features a large solid black spiral on the left and a dashed grey spiral on the right, both starting from a yellow star in the center. The middle and bottom bands are blank for practice. Each band is decorated with a cloud in the top left, a sun in the top right, a mole in the bottom left, worms in the bottom left, and a tuft of grass in the bottom right.

The image displays three identical horizontal writing practice bands. Each band is divided into three horizontal sections: a light blue sky section at the top, a green grass section in the middle, and a brown soil section at the bottom. The sky section contains a white cloud on the left and a sun behind a cloud on the right. The grass section contains a mole on the left and a tuft of grass on the right. The soil section contains three pink worms on the left.
