

The image consists of three horizontal rows of handwriting practice. Each row is set against a background divided into three horizontal bands: a light blue sky at the top, a green grassy middle, and a brown earth bottom. The sky band contains a white cloud on the left and a sun behind a cloud on the right. The grass band contains a mole character on the left and a tuft of grass on the right. The earth band contains three pink worms on the left. Each row features a sequence of the letter 'm'. The first row has two solid black 'm's followed by two dashed grey 'm's. The second row has three solid black 'm's followed by three dashed grey 'm's. The third row has four solid black 'm's followed by four dashed grey 'm's. Each 'm' has yellow arrows and stars indicating the starting point and direction of the strokes. The first row shows two upward strokes from the ground, followed by two downward strokes that curve back up to the ground. The second row shows three upward strokes, followed by three downward strokes that curve back up to the ground. The third row shows four upward strokes, followed by four downward strokes that curve back up to the ground.

Three rows of handwriting practice for the letter 'u'. Each row features a background with a blue sky, green grass, and brown soil. The first row contains six 'u' shapes: three solid black with yellow stars and arrows indicating stroke direction, and three dashed grey for tracing. The second row contains three 'u' shapes: one large solid black with a yellow star and arrow, one medium solid black with a yellow star and arrow, and one dashed grey for tracing. The third row contains six 'u' shapes: three solid black with yellow stars and arrows, and three dashed grey for tracing. The background includes a mole, worms, and a sun behind a cloud.

The handwriting practice sheet consists of three horizontal rows. Each row is divided into three horizontal bands: a light blue sky band at the top, a green grass band in the middle, and a brown soil band at the bottom. The first row contains a large, solid black pattern of four connected loops. The first loop has a yellow star at its top-left corner. Dashed arrows indicate the stroke order: a vertical line down on the left, a curved line across the top, and a vertical line up on the right. This is followed by a dashed version of the same pattern for tracing. The second and third rows are blank for independent practice. Each row is decorated with a white cloud in the top-left corner, a sun behind a cloud in the top-right corner, a mole in the soil band on the left, worms in the soil band on the left, and a tuft of grass in the grass band on the right.

Three identical horizontal writing bands for pre-handwriting practice. Each band is divided into three horizontal sections: a light blue sky section at the top, a green grass section in the middle, and a brown earth section at the bottom. The sky section contains a white cloud on the left and a sun behind a cloud on the right. The grass section contains a mole on the left and a tuft of grass on the right. The earth section contains three pink worms on the left.
